Welcome to **Aynor Family Dental**. We know that choosing a dentist is a big decision and we are glad you have chosen our office. Our goal is to provide quality dental care in a comfortable, relaxing atmosphere. We offer the latest technology and try to recommend the best possible treatment options for you and your family, at all times.

We are happy to file your insurance for you, but because insurance companies do not always want to pay for the best treatment, not all procedures recommended may be covered by your insurance company. We are happy to help determine your insurance benefits for you, but **you are ultimately responsible** for any treatment not paid for by your insurance company, and will be responsible for any balance on your account after the insurance company has paid us.

If you do not have dental insurance coverage, we kindly ask that payment is due in full at the time services are performed.

We do have financial assistance available. Please ask someone at the front desk if you are interested in assistance or have any questions.

Again, we thank you for choosing our office for your dental care and if there is anything that we can do to make you visit more pleasant, please let us know.

Thank you,
Dr Joshua Hardwick DMD
